

Scholarship Application

Dear Scholarship Applicant,

The United Scottish Clans of Oklahoma are proudly dedicated to promoting Scottish Culture in the State of Oklahoma. As a 501©(3) organization and non-profit in the community, we strive to educate the public about Scottish heritage through a variety of programs.

The USCO Scholarship is a one-time funding gift awarded after consideration of application. Each submitted application is reviewed by our Scholarship Committee and awards are provided to qualified approved applicants as a non-reoccurring gift.

The Scholarship committee is accepting applications for needs in Scottish culture endowments including the Arts, Education and Athletics. Submission of application does not guarantee any financial award, but is required for consideration. Final submissions must be received before December 31st of the year the funding is requested. Applicants may submit for consideration beyond any initial funding request. This Scholarship is not limited to a one-time award for any individual or group.
